

## **Brands Triumphs at Snetterton on 11<sup>th</sup> September 2021.**

### **A report by Leigh Sebba.**

At the September double-header at Snetterton the 2021 Championship was decided in favour of Brett Syndercombe of Brands Hatch Morgans. He just pipped his customer (is that good policy?) Steve Lockett who takes home the AR Motorsport Challenge Trophy.

Greg Parnell in his beautiful Aero, suffered race damage and lost his Class 2 points lead to be overhauled by Simon Orebi Gann.

Both races were won by Roger Whiteside who thus took Class 1, Brett and Steve were winners of Class 3 and 4 respectively.

In reasonable Autumn weather the grids were a bit thin and several cars suffered problems, but spectators were entertained by Simon OG holding off the big V8 of Roger for the first lap or so, and Philip Tisdall and Peter Cole swapped places constantly through the races.

The MG Club attract a good mixture of cars for their various 'Equipe' races – Cobra, Big Healeys, and several TR engine Morgan +4s to add interest.

Hopefully 2022 will bring a Covid free year and more consistent larger group of entrants, and along with the promised new factory race cars it should be a good season.
